SUBJECT: Complaint Log #1049619 — RPV Contact

The undersigned telephonically contacted the Reporting Party Victim (RPV) on 09-NOV-11 and scheduled a meeting with in the 007<sup>th</sup> District on 14-NOV-11. On 14-NOV-11 the RPV met with the undersigned and related the following in summary and not verbatim:

She was not home at the time of the incident. Her boyfriend, [REDACTED] (same address and telephone) was home at the time of the incident. She does not know his D.O.B. or age because her doctor gave her a different medicine and it makes her forget. She returned home from the store and she "was drunk." She found approximately 12 officers in her apartment, some in uniform and some in plain clothes. There was one F/I officer and the rest were M/2 or M/4. She might have dreamed it all up, but she must not have because her door was "all messed up." An M/2 officer stated to her that they got a call that drugs were being sold out of that location and that they had a warrant, but they did not show it to her. The officers took pictures of the inside of her apartment and then left. One of the officers told her that someone would fix the door. She can watch television and what she sees on television can happen. In her group therapy she has been told that she has hallucinations.
